ABOUT COMPANY

United Knowledge Contracting Establishment (UKC) is one of the distinctive national company that have been keen to carry out its projects with high accuracy and with international specifications and standards since we began our first company in 2019

United Knowledge Contracting Establishment (UKC) is based on realistic studied solutions and unique in the presence of an ambition that grows dramatically to achieve the grand achievements, moving on to a flexible business strategy and achieving Saudi Vision 2030,

United Knowledge Contracting Establishment (UKC) seeks to achieve overall leadership in the general contracting sector, which leads to maintain the distinctive footprint in the management and execution of major projects as we executed our previous projects

Our commitment is to execute projects as per customer standards / specifications & our position to be recognized as an icon with construction community in the Middle East.

We will continue our innovation and pursue new market opportunities to rise to a leadership position in the industry while fulfilling our social responsibility and creating values to our stakeholders.

OUR PROFILE

UK Contracting Co. has a virile and very dynamic workforce that we like to refer to as our strength. This is in line with our mission to recruit, retain and reward a high performance workforce.

This hard-working, virile and dynamic workforce is managed and controlled by a group of highly competent management team with tones of experience in the petroleum sector, giving our company an edge over others in terms of productivity and service delivery to our shareholders and clients respectively.

We have a qualified system for accessing key skills and experience to ensure that our staffs and consultants have significant and relevant experience relative to the job they are assigned. The company to ensure continuous professional development for our team allocates significant resources to various unique training and development programs.

*...Strengthen client base
by ensuring excellence
and innovation in
service delivery*

OUR UNIQUENESS

We will perform a complete analysis of your business operation & develop a winning strategy for your benefit. We aren't working with a 9-to-5 mentality. Our support role will fit seamlessly with engineering projects subcontracting from different time zones. We provide our technical staff for engineering projects & applications. Members of our team can be integrated into client project teams supporting their engineering projects & will follow their standard procedures and practices.

To meet the growing needs of the local and regional markets, UK Contracting Company is in line with its long term established strategy would continue to actively seek to identify and enter into long-term business relationships with leading international companies.

We have developed healthy and trusted business relations with our clients. The journey so far has been very gratifying but we believe that this is only the tip of the iceberg... there is more to come.

QUALITY POLICY

UK Contracting is committed to provide products and services that provide trouble free performance throughout their intended life period and to the client's satisfaction. UK Contracting Management believes adherence to latest quality procedures prevailing in the industry and quality monitoring during all phases of work is required to achieve the objective of the company.

In order to achieve these objectives, UK Contracting take all reasonable practical steps to ensure the Company or Project Quality Plan is implemented in true spirit. Hold all levels of management, supervision and technicians accountable for Quality enforcement. Management provides all required support to staff Client contract obligations are fulfilled.

SAFETY POLICY

UK Contracting is recognized for its high standards in the area of safety. Within here a common belief that safety is a primary concern. By combining the client and International standards we are committed to incorporate safety as working culture and environment in all our projects and in-house facilities.

UK Contracting follows Current International safety legislation, Executive Management shall accept the responsibility for Health and Safety

This is our Driving force in implementation of Health, Safety and Environmental policy. UK Contracting is aware of the fact that any accident prevention policy depend on total co- operation of its employees. For its effective implementation our Management takes adequate steps to encourage the participation at all levels to achieve accident-free atmosphere, prevention of injuries and loss of policy .

UK Contracting strives to achieve the Best in Safety by implementation of training programs for all employees based on their skill requirements and safe working methods to ensure that they possess required information, knowledge and understanding the project and Client requirements to carry out the assigned tasks and responsibilities safely.

OUR MISSION

01

To create value for our partners through excellence and innovation.

02

To be responsible partners with respect to safety and environmental impact of all our operations and services.

03

To run the company on a sustainable financial basis of profitable growth and to recruit, retain and reward.

OUR VISION

To be recognized as the premier indigenous oil and gas service provider driven by excellence and innovation.

LOGISTICS SERVICE

United Knowledge Contracting Establishment (UKC) now provides the best Founded on the principles of reliability, precision, and operational excellence, [UKC] is a premier, asset-based logistics and supply chain solutions provider. We possess a modern, versatile fleet of commercial vehicles—including heavy-duty flatbed trailers and specialized transport equipment—enabling us to manage complex overland cargo movement with absolute safety. By combining our robust ground infrastructure with strategic warehousing and distribution capabilities, we deliver seamless, end-to-end supply chain integration. At [UKC], we do not just move cargo; we build dependable operational foundations that empower businesses to scale confidently across domestic and regional markets.

Our Core Values:-

Reliability: We honor our timelines and commitments, serving as a dependable extension of your business operations.

Safety First: From secure cargo lashing on flatbeds to strict warehouse protocols, protecting your assets is our highest priority.

Transparency: We believe in absolute operational visibility, providing honest data and real-time tracking from origin to destination.

Efficiency: We continuously optimize routes, minimize regulatory delays, and reduce unnecessary costs for our clients.

Saudi Aramco E-Reference No. 0011596

Registration Approval Letter

December 05, 2024

Attention : ESTABLISHMENT UNITED KNOWLEDGE FOR GENERAL CONTRACTING

CR Number : 2055127850

Supplier Type: Service Provider Only

Country : Saudi Arabia

We are pleased to inform you that ESTABLISHMENT UNITED KNOWLEDGE FOR GENERAL CONTRACTING is now registered in the Saudi Aramco Supplier Management System under Vendor Code No. 10114432, provided your company continues to meet all relevant Saudi Arabian and Saudi Aramco standards.

This registration, however, should not be construed as a commitment by Saudi Aramco to procure from you. Being registered as a supplier only grants your company the opportunity, along with other registered sources, to respond to requests for submitting proposals in accordance with Saudi Aramco's established policies and procedures. All procurement instruments including but not limited to service contracts, purchase agreements, or purchase orders will be issued based on the name and address included in your commercial registration (CR), as stated in your Supplier Registration.

Saudi Aramco wishes to remind you that being recognized as a supplier carries with it serious obligations and responsibilities to act in a legal and ethical manner. We wish to remind you of the Saudi Aramco Supplier Code of Conduct (SCOC) which you acknowledged. Failure to abide by the principles set forth in the SCOC can result in adverse actions being taken by Saudi Aramco against you including suspension of you as a supplier. Saudi Aramco also expects each of its suppliers to satisfy each of the requirements of any procurement instrument which might be placed and to act responsibly and reliably as a supply chain supplier.

Material Suppliers should apply for Saudi Aramco Supplier Portal access by forwarding a request to portal-registration@aramco.com. The Supplier Portal is the main electronic business tool used between Saudi Aramco and its suppliers and serves to improve the flow and accuracy of key supply chain information.

For further information or assistance please contact the Saudi Aramco Supplier Help Desk by forwarding a request to SupplierHelpDesk@aramco.com or via the unified call center 800-116-1168 for In-Kingdom suppliers or +966 (11) 290-8950 for Out-of-Kingdom suppliers.

Faisal Hamad Al Dossary, Supervisor
Supplier Registration Unit
Supplier Relationship Management Div

It is the responsibility of the supplier to update Saudi Aramco Supplier Registration Profile through Ariba for the following:

1. Change of Name / Commercial Registration Number / Address / Owner(s)
2. Any change of the supplier location
3. Discontinue supply of approved commodities (9COMs and 9CATS)

This is an electronically generated letter by Saudi Aramco. To verify Supplier approval status, please contact Supplier Help Desk at supplierhelpdesk@aramco.com
